PROFILE

A results-driven Web Developer trained through Meta's Full-Stack Web Development course, with hands-on experience building responsive, user-focused web applications using HTML, CSS, JavaScript, and modern frameworks. Skilled in front-end development with React and strong foundations in back-end concepts, APIs, databases, and version control gained through Meta's structured, project-based curriculum. Continuously improving through practical projects and portfolio work, aiming to deliver clean, maintainable code and intuitive user experiences for real-world products.

WORK EXPERIENCE

Still a Student
